# Your Partner in Patient Safety

## Installation Description

The KG200 Continuous Hinge is only supplied as part of a Kingsway Group Complete Door System where all components are fitted and tested in the production process.

## Operation and Maintenance

### Operation

The continuous hinge operates by an interlocking extruded cog mechanism that provides a high strength and smooth motion for doors with heavy usage.

### Maintenance

Periodic checks should be made to ensure the hinge or the fixings have not been tampered with and that the fixings remain tight.

### Cleaning

Cleaning of the hinges should be with a damp cloth. Cleaning agents should be avoided.

## Guarantee

### 5 Year Guarantee\*

\*For faulty manufacture and not for damage
