

PRODUCT DATASHEET

KG62 Classic Grip Cabinet Pull Handle

With design inspiration based on the larger KG61 Classic Grip Door Pull Handle, the Classic Grip Cabinet Pull Handle is a solid, durable and compact ligature-resistant handle solution for cabinets and wardrobes within patient areas. Designed to reduce risk, the bolt-fixed cabinet handle offers excellent grip and infection control and is secured using two countersunk security bolts.

Installation Description

- Mark out the (2) fixing holes as per the technical drawing
- Fix the handle in place using the (2) M4 x 25mm security screws (provided), ensuring the handle is fitted securely with no gaps

Operation and Maintenance

Operation

The Classic Grip Cabinet Handle has been designed to allow a good grip area for three fingers and the thumb for ease of opening drawers and cupboards.

Maintenance

Periodic checks should be made to ensure the handle is free from damage and any signs of tampering and that the fixings remain securely fastened.

Cleaning

Handles should be cleaned using a non-abrasive sanitizing agent. Abrasive cleaning cloth and agents should be avoided.

Guarantee

3 Year Guarantee*

*For faulty manufacture and not for damage
