

PRODUCT DATASHEET

KG18 Recessed Soap Dispenser

The KG18 manual recessed liquid soap dispenser is compatible with GOJO LTX 1200ml refill cartridges and dispenses soap when the button is pressed on the bottom of the unit. Made from high-grade stainless steel and anti-ligature by design, it features a secure key lock to allow the front to open outwards for refilling. The unit is supplied with a standard key and security screws for installation.

Your Partner in Patient Safety

Installation Description

- Mark out the location of the dispenser on the wall
- Drill holes for screws provided, allowing for anchors to suit wall construction type
- Attach unit securely to the wall

We recommend that you caulk around all sides with tamper proof security sealant.

Operation and Maintenance

Operation

Unlock the unit and open the front flap outwards. Remove the empty cartridge and replace with a new one. Once loaded, close the unit and lock to secure.

Maintenance

Ensure the lock remains functional and free from signs of damage or tampering. When necessary, lubricate the lock with a dry graphite lubricant.

Cleaning

Should be cleaned as part of regular schedule using mild (non-abrasive) detergents. Avoid acidic cleaners.

Guarantee

5 Year Guarantee*

*For faulty manufacture and not for damage

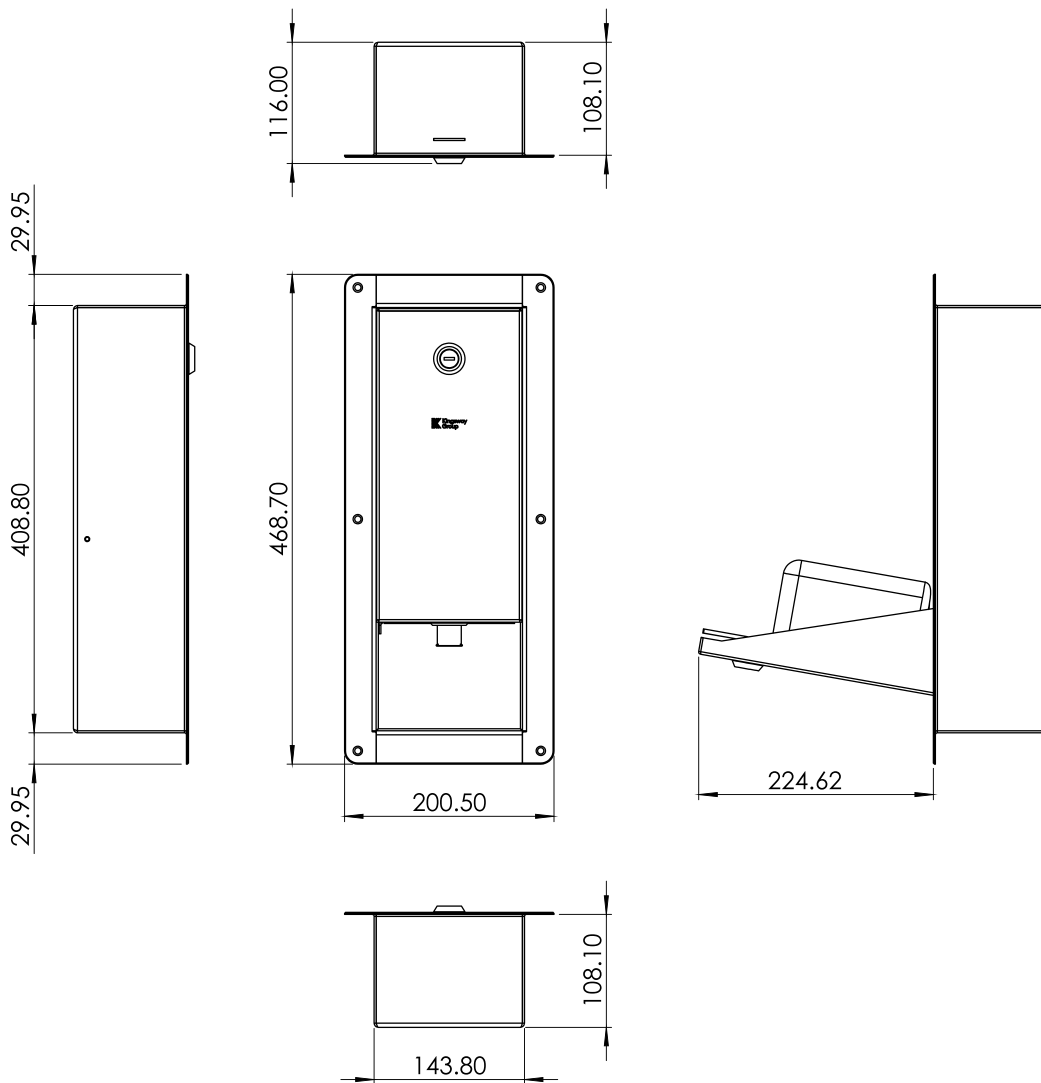

Specification

KG18 Recessed Soap Dispenser

This product is refillable and requires soap to be purchased separately. Compatible with GOJO LTX-12 1200 ML cartridges.
