Your Partner in Patient Safety

Installation Description

- Position the mirror in the desired location on your wall or door
- Mark out the 16 fixing holes and pre-drill if fixing into a solid surface
- When fixing to a brick or block wall, ensure plugs are used for a secure fixing
- Screw the mirror to the wall using the security screws provided, ensuring a tight fixing with no movement

Operation and Maintenance

Operation

The anti-ligature mirror has been designed for use in bedrooms and bathrooms as a substitute for real glass mirrors for the safety of service users.

Maintenance

Frequent checks should be made to ensure the mirror is free from signs of tampering or damage, that all screws are secure, and that there is no movement in the screws or frame.

Guarantee

5 Year Guarantee*

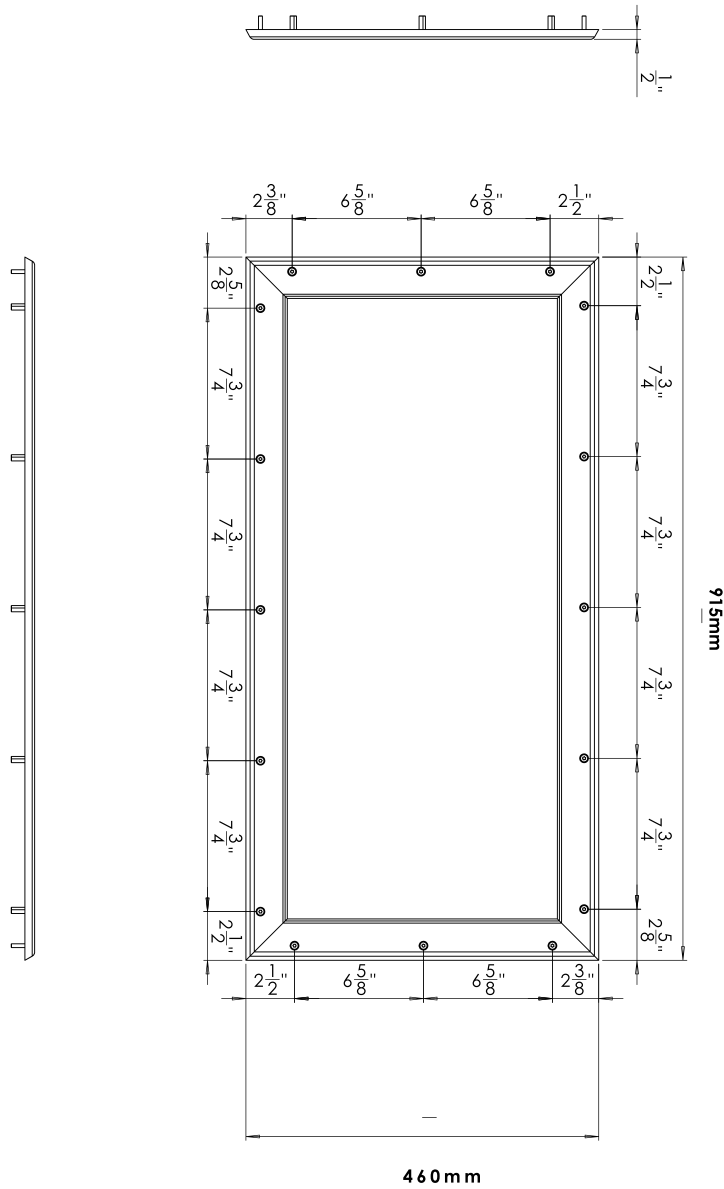

*For faulty manufacture and not for damage
