

PRODUCT DATASHEET

KG62 Classic Grip Cabinet Pull Handle

A micro version of the KG61, the Classic Grip Cabinet Pull Handle is a solid, durable and compact anti-ligature handle solution for cabinets and wardrobes within service user areas. Designed to reduce risk, the bolt-fixed cabinet handle offers excellent grip and infection control and is secured using two countersunk security bolts.

Installation Description

- Mark out the two fixing holes by placing the handle on the door, making sure the face of the handle is flat on the door
- Drill the fixing holes using a 10mm bit
- Fix the handle in place using the 2 countersunk security bolts supplied

Operation and Maintenance

Operation

The Classic Grip Cabinet Handle has been designed to allow a good grip area for three fingers and the thumb for ease of opening drawers and cupboards.

Maintenance

Periodic checks should be made to the fixings to ensure they remain tight and that they have not been tampered with.

Cleaning

Classic Grip handles should be cleaned using a non-abrasive sanitising agent. Abrasive cleaning cloth and agents should be avoided.

Warranty

1 Year Manufacturer's Defect Warranty*

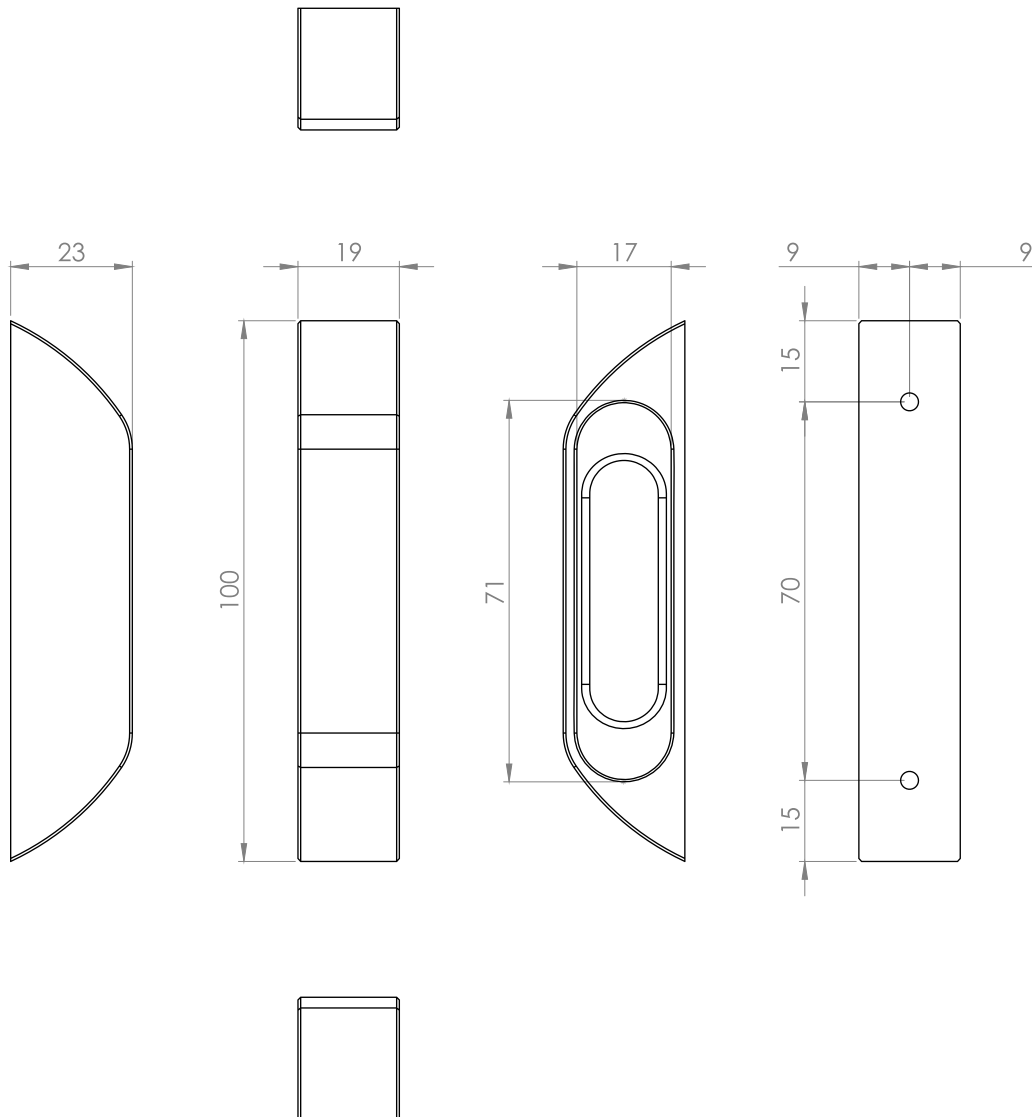

*For faulty manufacture and not for damage
