

PRODUCT DATASHEET

KG 680-1280 Panorama Wall Panel

The Panorama secure glazed screen offers the ultimate solution for observation through a wall in challenging environments, providing a wide field of vision for a safe and effective means of observation. The Panorama range features high-strength attack-resistant glazing sealed between a pressed stainless steel fascia on the patient side and a rebated timber frame on the staff side, resulting in a highly durable and robust anti-ligature observation solution that also helps create a sense of light and space.
