

PRODUCT DATASHEET

KG710 KALM Towel Hook

Part of the multi-award winning KALM Co-Produced Washroom Range, the KALM Towel Hook is an anti-ligature solution developed for secure mental health washrooms and bedrooms. Manufactured from a durable impact resistant polycarbonate with an antimicrobial agent, and finished with a flexible silicone insert, it delivers a high strength and controlled performance and has been ligature and durability tested to ensure it meets safety standards.

The softened geometry, concealed fixings and flexible insert, helps to deliver safety whilst also helping to create a calming, non-institutional environment to aid patient rehabilitation and recovery.

Installation Instructions

Operation and Maintenance

Operation

Designed to support garments and towels in normal use conditions whilst maintaining smooth anti ligature geometry.

Maintenance

Regular inspection is recommended to ensure the product remains secure and fit for purpose. Check for signs of damage, defects, tampering or abuse. Any compromised components should be replaced immediately.

Cleaning

Our preferred cleaning product for maintaining the appearance and performance of the polycarbonate surface is VuPlex plastic cleaner.

Alternatively clean using non abrasive neutral pH detergents diluted in warm water and applied with a soft cloth.

Avoid abrasive pads solvent based cleaners highly alkaline products or aggressive chemical agents to maintain long term integrity.
