KG110 Kick Plate

Anti-ligature Disclaimer

Anti-ligature Disclaimer The anti-ligature design characteristics of this product are not intended to replace or substitute the need for necessary supervision of those who may be at risk, or for other necessary protective measures to be taken in the specific circumstances of usage. Kingsway Group, Inc. does not offer any products for sale as being 'ligature-free' and will not be liable for any claims arising from ligature attachment on its products. It is the customer's responsibility to ensure that products purchased and installed are suitable for the environments they are installed in.

The Kick Plate is made from 200mm wide stainless steel sheet that is supplied to exact dimension to suit specific door widths. It is supplied pre-drilled with countersunk fixing holes and security fixings for extra protection.

Installation Description

- Mark out the area where the kick plate is to be fitted
- Pilot drill the various fixing holes
- Fix in to place using the security screw provided

Operation and Maintenance

Operation

Designed to give added protection to the foot of the door and to provide an easy to clean surface.

Maintenance

Periodic checks should be made to ensure the fixings remain tight.

Cleaning

Cleaning of the kick plate should be with a damp cloth. Cleaning agents should be avoided.

Guarantee

5 Year Guarantee*

*For faulty manufacture and not for damage
