KG1700 COMMUNAL AUTO-LOCKING LOCKSET

Anti-ligature Disclaimer

Anti-ligature Disclaimer The anti-ligature design characteristics of this product are not intended to replace or substitute the need for necessary supervision of those who may be at risk, or for other necessary protective measures to be taken in the specific circumstances of usage. Kingsway Group, Inc. does not offer any products for sale as being 'ligature-free' and will not be liable for any claims arising from ligature attachment on its products. It is the customer's responsibility to ensure that products purchased and installed are suitable for the environments they are installed in.

The KG1700 Communal Auto-Locking lockset provides an auto-locking solution to communal area or staff access only doors.

Patient Function

Patient access from outside via anti-ligature pull handle and key cylinder if issued.

Note: Check fire code regulations as to where the KG1600 lockset is specified as once locked can only be opened by a key holder.

Staff Function

Staff can open the door from either side using pull handle and key - key must be present to open the door if locked.
