## KG41 Ergogrip Pull Handle Bolt Fixed

### Anti-ligature Disclaimer

Anti-ligature Disclaimer The anti-ligature design characteristics of this product are not intended to replace or substitute the need for necessary supervision of those who may be at risk, or for other necessary protective measures to be taken in the specific circumstances of usage. Kingsway Group, Inc. does not offer any products for sale as being 'ligature-free' and will not be liable for any claims arising from ligature attachment on its products. It is the customer's responsibility to ensure that products purchased and installed are suitable for the environments they are installed in.

The Ergogrip pull handle is a stylish and modern handle that offers an excellent grip yet is also anti-ligature by design. The KG41 is a bolt fixed version that is supplied to be fitted with a KG40 the other side or to be used on its own on cupboard or riser doors.

### Installation Description

- Mark out the two bolt holes
- Drill the holes using a 10mm bit
- Attach the handle to the door using the two countersunk bolts supplied

### Operation and Maintenance

#### Operation

The Ergogrip has been designed to allow fingers and thumb to pull on the 40mm wide front face with a finger clearance area of 20mm from the door face.

#### Maintenance

The Ergogrip handle is largely maintenance free. Periodic checks should be made to the fixings that they remain tight and that they have not been tampered with.

#### Cleaning

Cleaning of the Ergogrip Grip handles should be with a damp cloth. Cleaning agents should be avoided.

### Guarantee

#### 5 Year Guarantee\*

\*For faulty manufacture and not for damage

#### Specification
