

PRODUCT DATASHEET

KG08 KORE Manual Soap Dispenser, Gojo LTX-12 Compatible

A stainless steel, surface-mounted soap dispenser for use in behavioral health areas, compatible with Gojo LTX series 1200mL/1250mL dispenser refill cartridges. The manually operated dispenser provides a hygienic and ligature-resistant solution to soap dispensing and hand sanitization in high-risk environments. The inner cassette slides downwards when unlocked, to allow replacement of the dispenser refill cartridge.

This product requires Gojo LTX series 1200mL/1250mL dispenser refill cartridges to be purchased separately.

Installation Description

- Place the dispenser on the wall and mark out the screw hole locations, making sure to allow room for the inner cassette to be lowered for refilling
- Drill holes for the provided screws and insert suitable anchors
- Secure the dispenser to the wall using the security screws provided

We recommend that you apply pick-resistant security sealant around the perimeter of the dispenser.

Operation and Maintenance

Operation

- To load the dispenser, unlock the unit while supporting the inner cassette then allow the cassette to slide down
- Remove the empty soap cartridge and replace with a new one, ensuring the nozzles are properly aligned and the brackets are properly located
- Slide the inner cassette up into the closed position and lock the unit to secure

Maintenance

Care should be taken to ensure the lock and nozzle remain functional and free from signs of damage or tampering and that the security screws are secure. When necessary, lubricate the lock with a dry graphite lubricant. All Kingsway keyed dispensers use the same key.

Cleaning

Should be cleaned as part of regular schedule using mild (non-abrasive) detergents. Avoid acidic cleaners.

Warranty

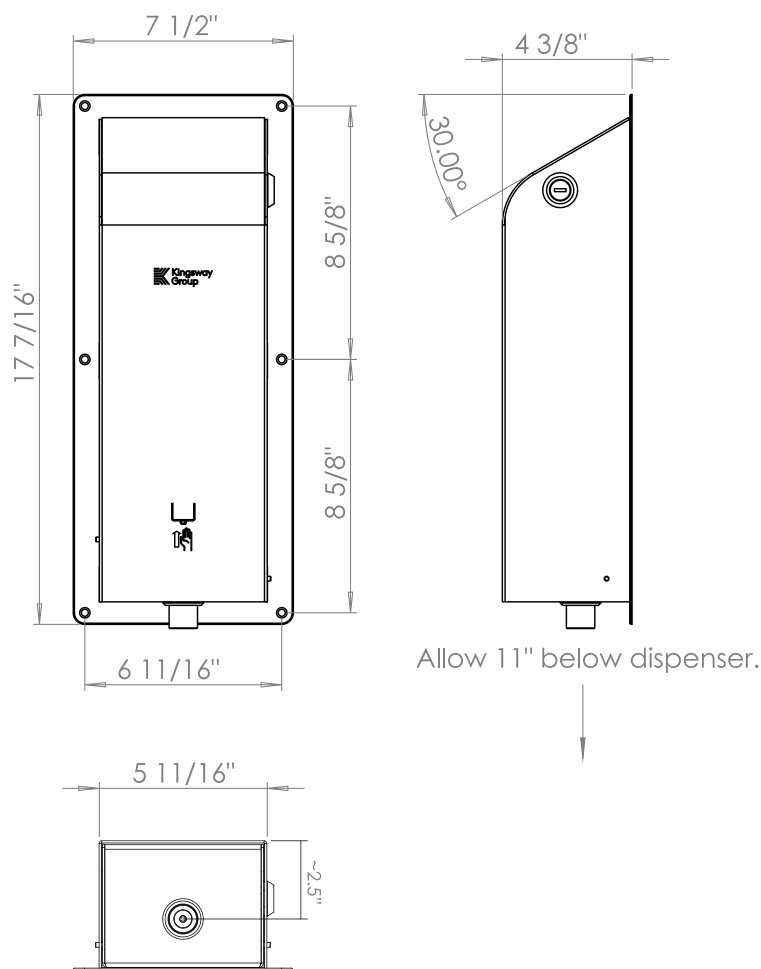

1 Year Manufacturer's Defect Warranty*

*For faulty manufacture and not for damage
