

COMPLETE DOOR SYSTEM DATASHEET

SHOWER Door System

A double-action, ligature-resistant solution for improved patient safety in behavioral health en-suite shower rooms. SHOWER delivers robust and durable performance while safely preserving patient privacy and dignity when using en-suite facilities. With an elegant and fully customizable appearance, SHOWER contributes to creating a therapeutic space for patients while ensuring the risk of ligature attachment is minimized.

Technical Specs

Product Codes:

SBD01: SHOWER doorset with plain leaf and metal frame and architraves

SBD02: SHOWER doorset with printed leaf and primed metal frame and architraves

SBD03: SHOWER retro-fit door with plain leaf

SBD04: SHOWER retro-fit door with printed leaf

Unique Features:

SHOWER's innovative MegaHinge provides enhanced strength with a continuous anchor point to the frame and ensures entrapment points are minimised. Unique hinge end-caps reduce the ligature risks further whilst a flexible fin at the closing edge prevents wedging or trapping incidents.

Manufactured from powder-coated aluminum and high-strength polycarbonate, SHOWER offers excellent durability while being suited to wet environments.

Available as a Complete Door System including frame and architraves as well as a retro-fit version.

Standard Colours:

 Light Blue  Ivory  Olive Grey

Cleaning & Maintenance

Clean using a damp cloth and non-abrasive sanitising agent where necessary. Abrasive cleaning cloth and agents should be avoided.

Guarantee:

3-Year guarantee as per 'Kingsway Group Product Guarantee' document, a copy of which is available upon request.
