KG730 KALM Hand Towel Dispenser

Part of the multi-award winning KALM Co-Produced Washroom Range, the KALM Hand Towel Dispenser is an anti-ligature solution developed specifically for secure mental health washrooms. This solution delivers high strength performance and has been ligature and durability tested to ensure it meets safety standards.

The KALM Hand Towel Dispenser has been designed to be less intrusive, with a smaller, sculpted design and two texture finish to creating a healing, normalised environment. The smaller capacity makes the dispenser easier to fill and means service users have fewer contents available to cause intentional damage to plumbing.

The sculpted, softer design coupled with the concealed fixings helps to create a calming, non-institutional environment to aid patient rehabilitation and recovery.
