KG231 Ligature Resistant Mirror

Ligature resistant, shatter proof mirror. Made from an aluminum frame with a polycarbonate mirror center pane. Unit is fixed to the wall with (16) security screws supplied.

Installation Description

- Position the mirror in the desired location on your wall or door.
- Mark out the 10 fixing holes and pre-drill if fixing into a solid surface.
- When fixing to a brick or block wall ensure plugs are used for a secure fixing.
- Screw the mirror to the wall using the security screws provided, ensuring a tight fixing with no movement.

Operation and Maintenance

Operation

The anti-ligature mirror has been designed for use in bedrooms and bathrooms as a substitute for real glass mirrors for the safety of service users.

Maintenance

It is largely a maintenance free product, but frequent checks should be made to ensure that all screws are still secure and there is no movement in the screws or frame. Clean with a soft, damp cloth and light, soapy water.

Guarantee

5 Year Guarantee*

*For faulty manufacture and not for damage

Specification

KG231 Ligature Resistant Mirror

Anti-ligature Disclaimer

Anti-ligature Disclaimer The anti-ligature design characteristics of this product are not intended to replace or substitute the need for necessary supervision of those who may be at risk, or for other necessary protective measures to be taken in the specific circumstances of usage. Kingsway Group, Inc. does not offer any products for sale as being 'ligature-free' and will not be liable for any claims arising from ligature attachment on its products. It is the customer's responsibility to ensure that products purchased and installed are suitable for the environments they are installed in.
