

KG23 Toilet Roll Holder

Product datasheet

Anti-ligature Disclaimer

Anti-ligature Disclaimer The anti-ligature design characteristics of this product are not intended to replace or substitute the need for necessary supervision of those who may be at risk, or for other necessary protective measures to be taken in the specific circumstances of usage. Kingsway Group, Inc. does not offer any products for sale as being 'ligature-free' and will not be liable for any claims arising from ligature attachment on its products. It is the customer's responsibility to ensure that products purchased and installed are suitable for the environments they are installed in.

The KG23 twin surface mounted dispenser allows for the safe dispensing of toilet rolls. It is made from high-grade stainless steel and is anti ligature by design.

Installation Description

- Mark out the location of the dispenser on the wall
- Drill holes for screws provided, allowing for anchors to suit wall construction type.
- Attach unit securely to the wall, additional tamper proof caulk can be sealed around the unit.

Operation and Maintenance

Operation

Place a standard toilet roll so that it is locked into both dimples allowing the roll to rotate.

Maintenance

Periodically check for smooth function and lubricate when necessary with a dry graphite lubricant.

Cleaning

Should be cleaned as part of regular schedule using standard detergents or disinfectants, avoid acidic cleaners.

Guarantee

5 Year Guarantee*

*For faulty manufacture and not for damage
