

KG62 Classic Grip Cabinet Pull

Product datasheet

Anti-ligature Disclaimer

Anti-ligature Disclaimer The anti-ligature design characteristics of this product are not intended to replace or substitute the need for necessary supervision of those who may be at risk, or for other necessary protective measures to be taken in the specific circumstances of usage. Kingsway Group, Inc. does not offer any products for sale as being 'ligature-free' and will not be liable for any claims arising from ligature attachment on its products. It is the customer's responsibility to ensure that products purchased and installed are suitable for the environments they are installed in.

The KG62 Classic Grip Cabinet Pull is a smaller version of the KG61 Classic Grip Pull Handle. It is intended for use as an anti-ligature solution for cabinets and wardrobe cupboards in bedrooms where ligature resistant solutions are required. It is shaped to resist ligature attachment and designed for better infection control. This handle is supplied with security screws for installation.

Installation description

- Mark out the location holes by placing handle flat on the door
- Install handle using the security screws provided

Operation and Maintenance

Maintenance

Periodically check for smooth function and lubricate when necessary with a dry graphite lubricant.

Cleaning

Should be cleaned as part of regular schedule using standard detergents or disinfectants, avoid acidic cleaners.

Guarantee

5 Year Guarantee*

*For faulty manufacture and not for damage
